Enforcer

Local Government Software at its Very Best

## Street Scene – Case Management

Enforcer is used by **Pro-Active** Local Authorities whose aim is to improve the general standards of their streets, parks & open spaces via **Active Street Management and Enforcement**.

Enforcer is a **purpose built computer system** designed to reduce your Street Scene Administration maximizing available time out on the ground where it counts.

- ✓ **Jump Start your Department**
- ✓ **Standardize Procedures**
- ✓ **Reduce Administration Time**
- ✓ **Breeze through Audits**

For Local Authorities new to Enforcement Enforcer gives you the jump start necessary to get up and running smoothly, quickly, cost effectively and efficiently.

For Authorities already employing a program of Enforcement, Enforcer will vastly reduce your administrative overhead and add a fresh injection of energy into your working environment.

Enforcer integrates your **General Case Management** (Duty of Care Notices etc), **Fixed Penalty Cases, Vehicle Litter** and **Fly Tipping Cases** into a single centralized system. Enforcer also automatically calculates and completes your statutory monthly **Fly Tipping Return** and provides the stats required to produce your **Fixed Penalty Annual Returns**.
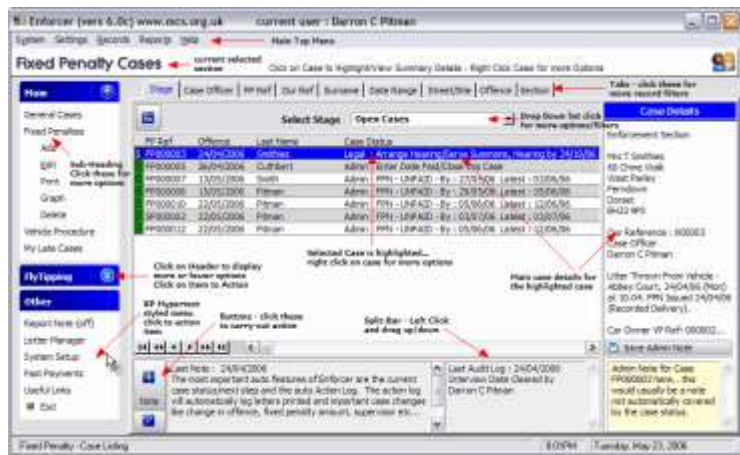

Why do users choose Enforcer ?

- **Gain** the **knowledge**, **experience** and **methodology** of leading Local Authorities
- Give administrators the **tools**, **direction and structure** required to get the job done!
- **Keep track** of all cases and due dates
- **Maximise** your Enforcement Success Rate
- Produce **management reports** at the touch of a button
- **Incorporate new offences** and penalties at any time
- **Remove** the **Stress** created by Administration Overload out of your Work Environment
- **Annual Lease or License at a very affordable price...**

Fully networked - no additional cost per user - no third party software required to run.

Free – Download and test drive a Fully Working 30 day version of Enforcer from our web site

Try it before you buy it!

Used by lead Authorities in the field including Southampton and Cardiff for over 6 years!

Why are users so impressed with Enforcer ?

- Modern interface makes using the system a pleasure
- Automatic status and colour coding
- No Learning Curve, No Special Training Required
- Users up and running quickly and efficiently
- Prints Standard Letters and Fixed Penalty Notices
- Ready-to-run Letter Templates, Management Charts and Summaries
- Provides more time for Enforcement by reducing time administrating
- Future Proof system with built-in Letter Manager
- Produce Mandatory Monthly Fly Tipping Returns at the press of a button.

As a purpose built system, new and required features can be immediately added unlike "Jack of all trade systems" where features might be added in a year or two. **Keep ahead of the game instead of playing catch up!**

Sample users include... Bridgend County Borough, Brighton and Hove, Cardiff County Council, Dartford Borough Council, Greenwich Council, Gwynedd Council, London Borough of Redbridge, London Borough of Bromley, Sandwell Metro Borough Council, Southampton City Council.
